Meget morsomme småfarcer i bedste superengelske parodiske stil.  
Rigtig feriehygge! (★★★★½)

[2810michael2](#) | Jul 23, 2008 |

Lord Emsworth and Others features a Blandings novelette, plus short stories involving Mr Mulliner, the Oldest Member, the Drones Club, and Ukridge. The Crime Wave at Blandings is by far the best and funniest of them. Lord Emsworth's unfortunate ex-secretary becomes the target of the crime wave in question, and we glimpse a previously unseen side of Lady Constance's character. The other stories are average for their respective series but, of course, P.G. Wodehouse's average is amusing and entertaining and well worth idling away a little time on. (★★★★)

# How important are librarian-generated reviews and comments in the OPAC? 5.44

# How important are librarian-generated reviews and comments in the OPAC? 5.13 | 4.77

Abela från Tanzania är bara 12 år gammal när hon tvingas utstå sånt som inga barn ska behöva erfar. Hennes mor är döende i AIDS, och Abela är den enda som kan ta hand om henne. Hennes lilla stjärna – lillasyster Nyota är också väldigt sjuk. När mamman blir sämre tvingas Abela att gå i flera dagar till fots till ett sjukhus med henne men där finns det ingen hjälp att få.

I en liten stad i England bor en annan flicka - Rosa med sin mor. En dag avslöjar hennes mor en idé hon har burit på sedan länge. Hon vill adoptera ett barn från Afrika. Men hon har inte frågat Rosa och beskedet om att hon ska få ett syskon kommer som chock. Kan det vara så att hennes mor inte är helt nöjd med henne och därför vill skaffa sig ett barn till?

En gripande vacker historia för barn över 12 av en väldigt känd och prisbelönad engelsk författare.

*Inka (Grazyna) Szewczyk* [Stockholms stadsbibliotek](#)

Inspiring library websites

Group discussions (groups of 5)

What are your initial reactions to the presentation of the assignment?

Any of the 14 questions in the assignment, comments?

What are your current thoughts on the OPAC?

Do you want to continue with a local system?

Do you want to develop your current system?

Are you looking for a new system to invest in  
(Aquabrowser, VuFind, XC, Primo, WorldCat Local, Summon ...) ? Why?

How are you going to obtain the features you miss in your current system?

Are you open to consortia solutions for discovery tools?

How do you feel about hosted services?
