

SPECIAL INTEREST WORKING GROUPS

1st IGeLU Meeting

Session 2

Stockholm, 4 September 2006

IGeLU STATUTES: Art. VI – Working Groups

- 1. The primary work of IGeLU shall be organised in Product and Special Interest Working Groups.**
- 2. ...**
- 3. Members of IGeLU can organise themselves in Special Interest Working Groups for any field of interest (public libraries, consortia, etc.)**
- 4. New Product and Special Interest Working Groups must inform the Steering Committee in writing of their establishment.**

5. ...

6. Special Interest Working Groups

The Special Interest Working Groups may organise themselves in the same way as the Product Working Groups or can work in a less formalized manner.

1st IGeLU Meeting, Stockholm 2006
Session 2: Special Interest Working Groups

IGeLU welcomes the establishment of Special Interest Working Groups to:

- Provide an opportunity for users with similar interests to share ideas, experiences and information between themselves and with Ex Libris; and
- Work closely with the relevant PWG for development influence and raising special issues with Ex Libris.

IGeLU provides the following support to SIWG's:

- Provides a meeting opportunity at annual IGeLU meetings for face-to-face discussions;
- Facilitates attendance by an Ex Libris representative at these meetings so as to ensure Ex Libris is aware of needs and concerns and to provide opportunities for questions to Ex Libris;
- Provides a space on the IGeLU site for SIWG's.

Current SIWG's

- Aleph Shared Systems Interest Working Group
- Public Libraries Interest Working Group
- Metalib/SFX Consortia Interest Working Group
- International Organisations Group for Aleph (IOGA)

Others are invited to establish themselves ...
