

LOD-SWG Business meeting 2015, IGeLU conference Oxford UK

Notes:

The LOD SWG meeting, chaired by Corey Harper (Metadata Services Librarian, New York University; Linked Open Data SWG Coordinator) was dedicated to;

- The organization, communication and activities of the group in the past year
- A report from ELUNA
- The use-case presentations
- New members in the working group:
 - David Bucknum from the Library of Congress
 - Arif Shaon from the University of New South Wales, Australia
- Shlomo Sanders, Chief Technical Officer of Ex Libris presented Primo's new Linked Data URI and RESTful Search API that returns the URI. This will be available in Primo release 4.9, due first quarter of 2015.

There were also additional linked-data focused presentations throughout the conference by:

- Corey Harper
- Lukas Koster
- Roxana Popistasu
- Stefanie Zutter
- Shlomo Sanders

Go for these presentations to the [IGeLU Archive of Presentations](#), except for the presentation of Shlomo Sanders. Ex Libris presentations are always published on the [Ex Libris Documentation Center](#)
