

Annual Report from

the Swedish Ex Libris user group

for the 2016 INUG meeting in Trondheim

The Swedish Aleph User Group (Alephswe) was established in 1999 and was expanded in to a user group for all Ex Libris products in Sweden in 2011 (ELUGswe).

The main tasks of ELUGswe are:

- To provide a forum for the exchange of practical experiences and information about local developments of common interest.
- To coordinate the activities of Swedish libraries using Ex Libris products and maintain a list of development requests.
- To provide a common point of contact for Ex Libris.
- To keep in touch with IGeLU and other user groups.

Steering committee:

Charlotte Wänelöf, Library of the Swedish Parliament, chair

Mattias Ödevidh, National Library of Sweden, treasurer

Eva Törnblom, Jönköping University Library, secretary

Lars Iselid, Umeå University Library, vice chair

In 2014 ELUGswe decided to have only one meeting a year, the annual association meeting which is held in spring. If needed, an additional web meeting is held sometime during the autumn.

You can reach ELUGswe at our website: <http://elugswe.blogg.kb.se/author/elugswe/>

We also have a discussion list (e-mail).

Activities 2016:

- The annual association meeting held 18-19th of April 2016 at Stockholm University Library.

- An additional web meeting to be held in the autumn of 2016.

Annual meeting 18-19th of April 2016

At the annual meeting there were presentations made by both Ex Libris and customers, as well as discussions about different topics.

A selection from the agenda:

Ex Libris a ProQuest Company

Due to the merger of Ex Libris and ProQuest, ELUGswe invited representatives from the ProQuest national user group in Sweden to participate at the ELUGswe's annual meeting. Together we discussed how to incorporate the ProQuest customers in the ELUGswe community.

Search personalization in PRIMO

The local Swedish representative, Kristian Wallin from Ex Libris, told us at the annual meeting that Ex Libris is discussing the introduction of implicit search personalization in PRIMO and that this would be a default behaviour. We find this development very worrying, which is why ELUGswe wrote a Statement about this. See the attached document.

Other activities

9th of September 2015 a web session with Ex Libris and the Danish user group was held. Idan Offer, Data Services Director at Ex Libris, presented Data Services Support organisation and working methods. He and his colleagues also answered questions submitted in advance from customers.

On 18th of September 2015 an additional web meeting was held. The subject of the meeting was report/feedback from INUG, IGeLU, Developer's Day and the web session with Ex Libris and the Danish user group.

In addition ELUGswe held an ALMA day at the Karolinska Institutet University Library (KIB) in October 2015. Representatives from the Library of the Royal Institute of Technology and KIB gave a presentation about the implementation process and experience the work with ALMA. This day was very much appreciated by the members of ELUGswe.

Concerns that we want to address...

- **Search personalization and PRIMO**
See the attached document.

Best wishes for the Trondheim meeting!

On behalf of the ELUGswe user group

Charlotte Wänelöf, Chair

Members 2016:

There are 26 member libraries in ELUGswe. That is an increase of 4 libraries the last year. The increase is due to the merger of Ex Libris and ProQuest.
