Tasks of IGeLU SC members

The IGeLU Steering Committee is responsible for overseeing the work of the Product Working Groups and Special Interest Working Groups; collaboration with ELUNA and other national and regional user groups; maintaining communication with all IGeLU members; and general planning for the annual conference.
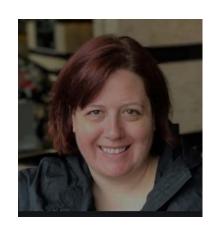

IGeLU is a volunteer organization, and we rely on our members – so we're always keen to have new volunteers.

NERS – what is it?
NERS stands for: New Enhancement Request System

- A procedure for collecting, prioritizing, and deciding on product enhancements to be developed by ExLibris.

- Difference from Ideas Exchange:
  - Based on Development Agreement
  - Priorities are set by central voting procedure – each institution has the same number of votes.
  - IGeLU/ELUNA members only.

- 2018/2019 rounds : Leganto, Alma, Primo, Content, Summon, Voyager

IGeLU projects and collaboratives

From the WG side:

- Transformation of Interoperability Group into Developers' Group
- Fitting Primo VE into the current product working group structure
- Follow and support the roll-out of the new joint CDI
- Enhanced product accessibility

From the SC side:

- Alma authentication issue
- Alma UX issues
- Creation of, and supporting WGs to be able to meet customer requirements (LOD, Analytics and Interop)
- Development agreement, including adding Summons WG to the agreement
- Provide feedback and recommendations to some Ex Libris projects/initiatives
- Escalation point for INUGs
- Escalation point for WGs, where we bring issues directly with Ex Libris leadership (e.g.: sandbox refresh policy, new project communication to community, etc)
- Joint IGeLU/Eluna Working Group proposal/paper
