## Customization Package

The image shows a screenshot of the Primo Studio customization interface for a view named 'LabourDiscovery'. The interface includes sections for 'Create Customization Package', 'Download Package', and 'Upload Package'. A Windows File Explorer window is overlaid on the 'Upload Package' section, showing the path '41ILO\_INST-41ILO\_V1 > html > homepage' and a list of files: 'homepage\_en.html', 'homepage\_es.html', and 'homepage\_fr.html'. On the right side, the 'PRIMO STUDIO' editor is visible, showing a sidebar with 'Theme', 'Images', 'Icons', and 'Addons' (selected). The 'Addons' panel lists several hooks with their descriptions and actions:

- Hook: prm-service-links-after**: Allows you to remove the GES request from Primo VE full view. Except for the configured locations. Action: View in Github, Add.
