

Right here, right now:  
electronic resource access  
in discovery layers and  
beyond

IGeLU 2019 - DRIVING CHANGE, CREATING VALUE TOGETHER

# Panel Participants

- ▶ Aaron Tay, Singapore Management University
- ▶ Claus Wolf, Lean Library
- ▶ John Seguin, Third Iron
- ▶ Tim O'Neill, University of Manchester

# Question 1

- ▶ What are the biggest barriers or challenges facing users when accessing electronic resources?

## Question 2

- ▶ Browser extensions could be considered to be taking users away from the institutional discovery layer. Should libraries be concerned?

## Question 3

- ▶ Are there any privacy issues around the use of tools that improve access to electronic resources?

## Question 4

- ▶ What are the key features of the tools designed to improve access to electronic resources and are there any weaknesses that librarians should be aware of?

## Question 5

- ▶ What impact will open access have on electronic resource access over the next five/ten/fifteen years?

# Questions

- ▶ Any questions from the audience?
