

[illegible]

A large, yet agile family: Facilitating innovation within the Renouvaud Library Network

Elisa Dell'Ambrogio, Head of the Renouvaud Coordination Team, BCU Lausanne

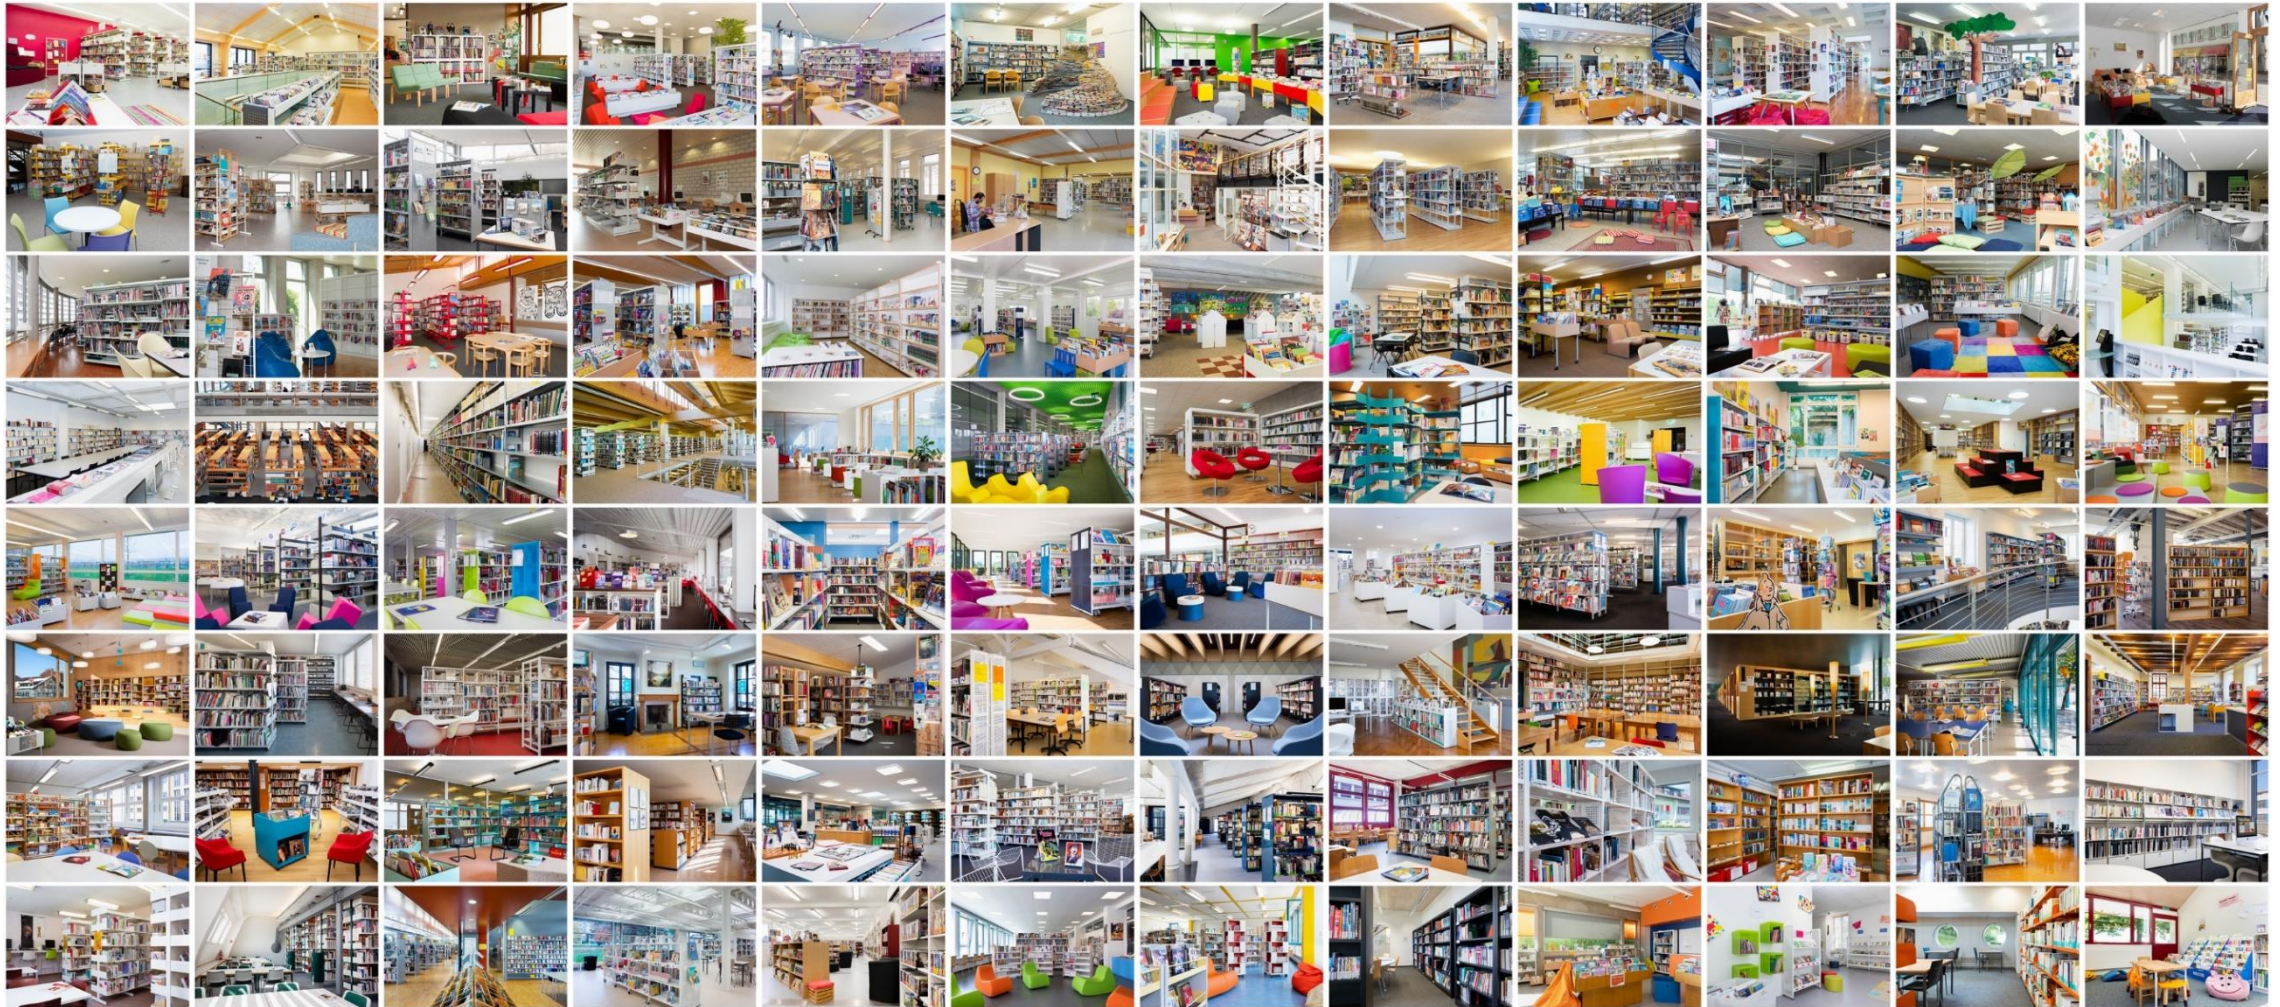

Sylvain Courret, System Librarian, Renouvaud Coordination Team, BCU Lausanne

IGeLU 2023 Conference, 13.09.2023

Agenda

- Meet the Renouvaud Library Network
- A participatory governance model
- Yes, we can (at least, we'll try)
- Innovation and cobuilding
- Sharing tools
- Conclusion

Meet the Renouvaud Library Network

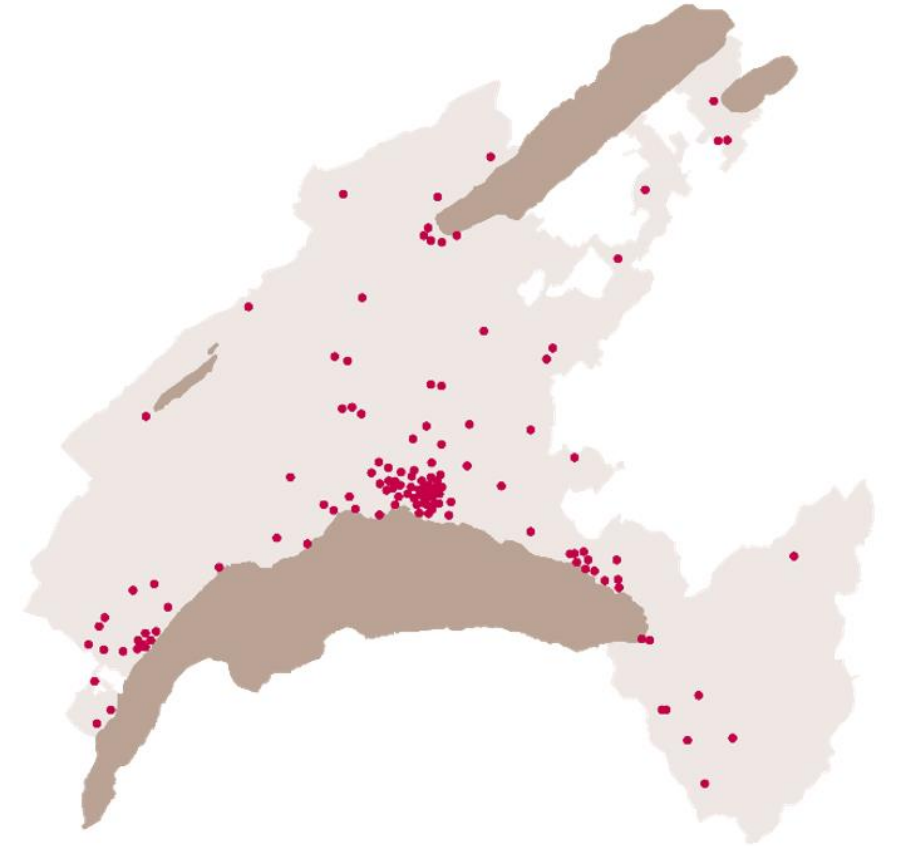

A regional network

- Go-live: 2016
- 149 member libraries
- State of Vaud (Switzerland)
 - Capital : Lausanne
 - Language : French
 - Population: 830'791 (December 2022)

A regional network

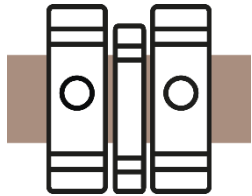

- Go-live: 2016
- 149 member libraries
- State of Vaud (Switzerland)
 - Capital : Lausanne
 - Language : French
 - Population: 830'791 (December 2022)

Renouvaud figures*

645
Librarians

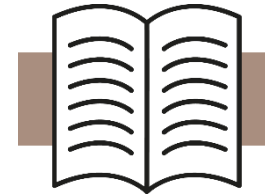

4'381'803
Physical items

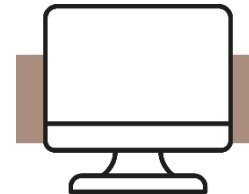

1'475'195
Electronic resources

75'128
Active Patrons

1'666'047
Loans

More of 5 millions
Electronic resource consultations

*December 2022

An heterogeneous network

17 Academic and research libraries

20 Heritage and special libraries

23 Higher education libraries

4 Public libraries

32 Public and school libraries

53 School libraries

Meet the Renouvaud Coordination Team

- Network central office
- 12 people (8.75 FTE) with multiple skills
- Services for member libraries :
 - Alma & Primo VE administration
 - Data quality and standards

 - Communication and network collaborations
 - Service enhancement and development
 - Support of member libraries projects

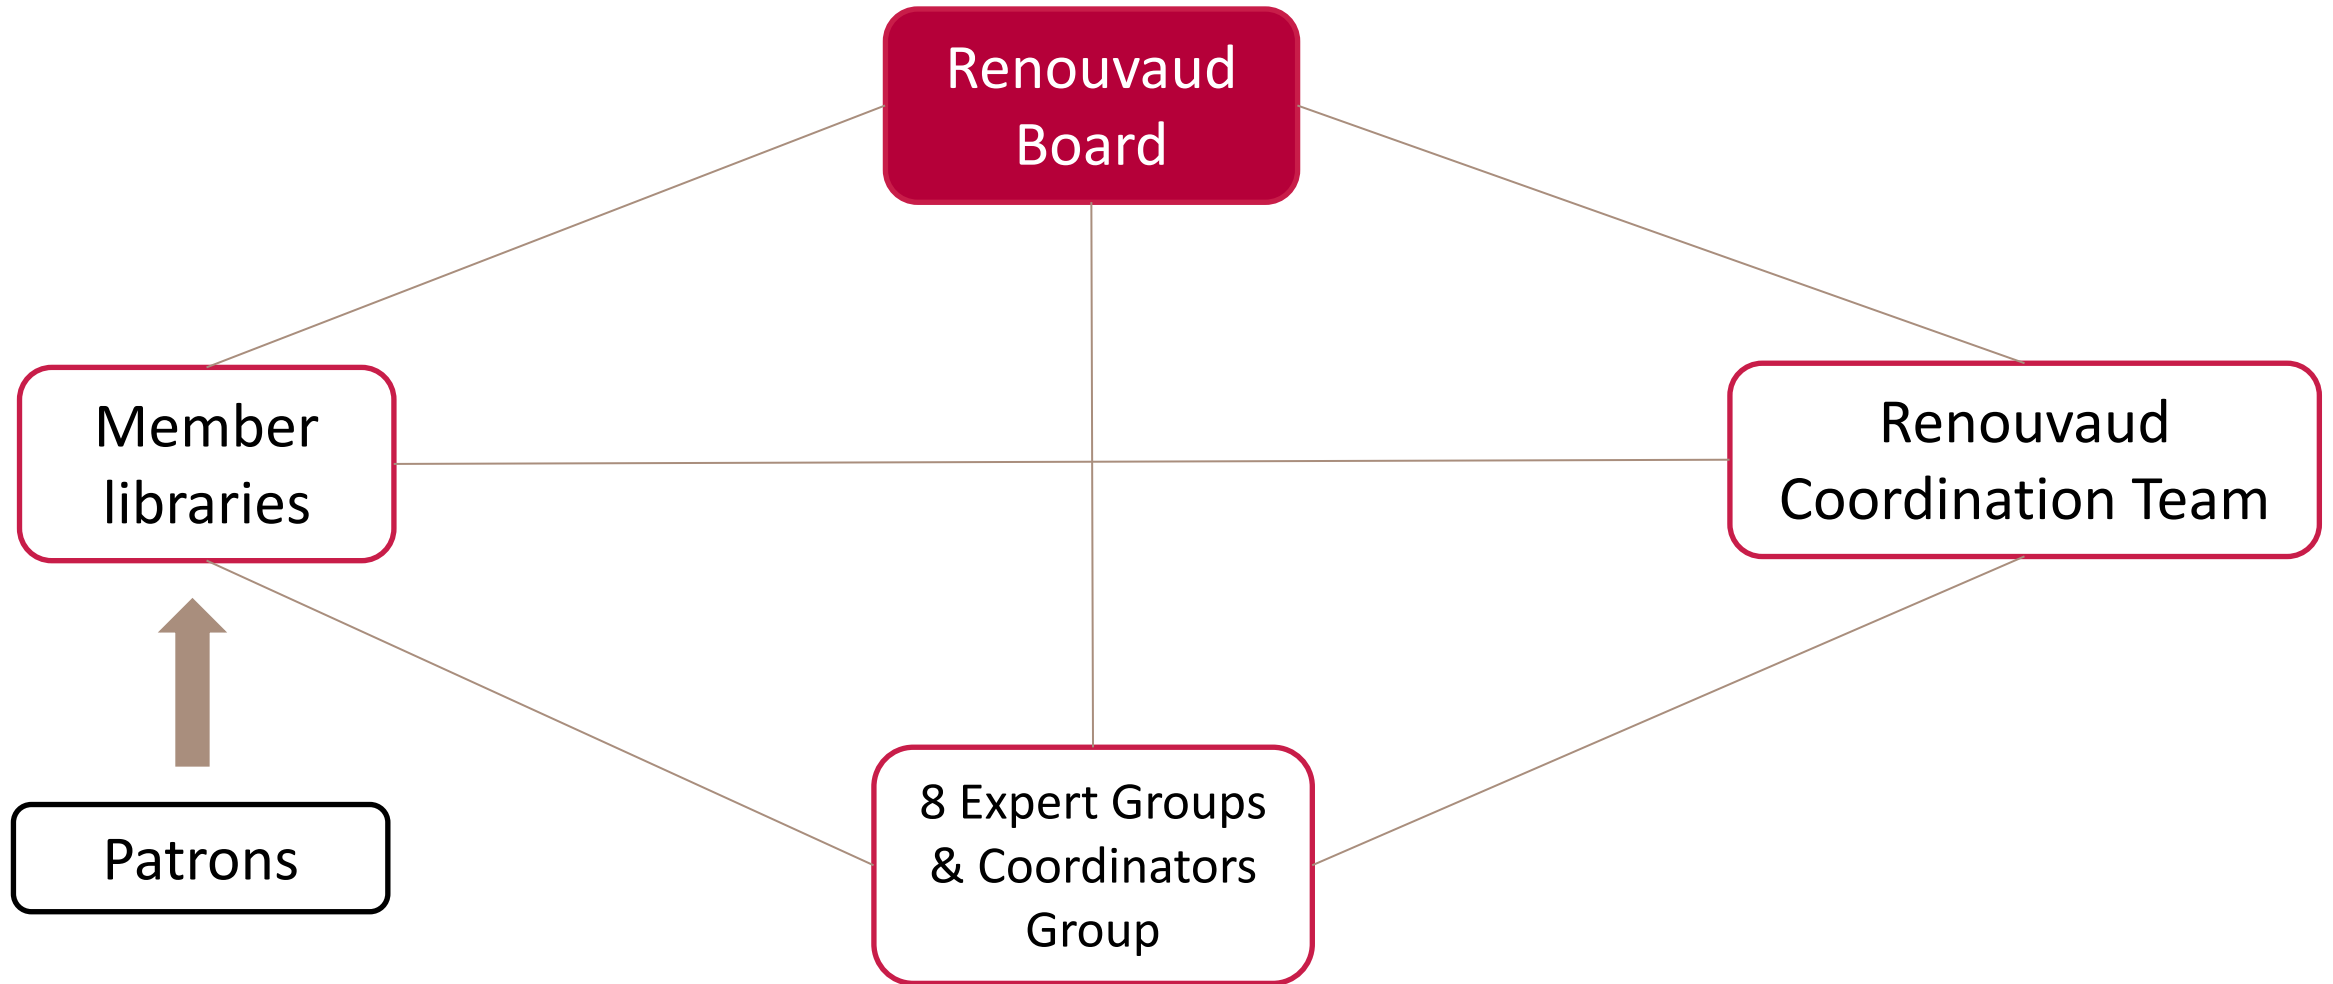

BIBLIOTHÈQUE
CANTONALE ET
UNIVERSITAIRE
BCU LAUSANNE

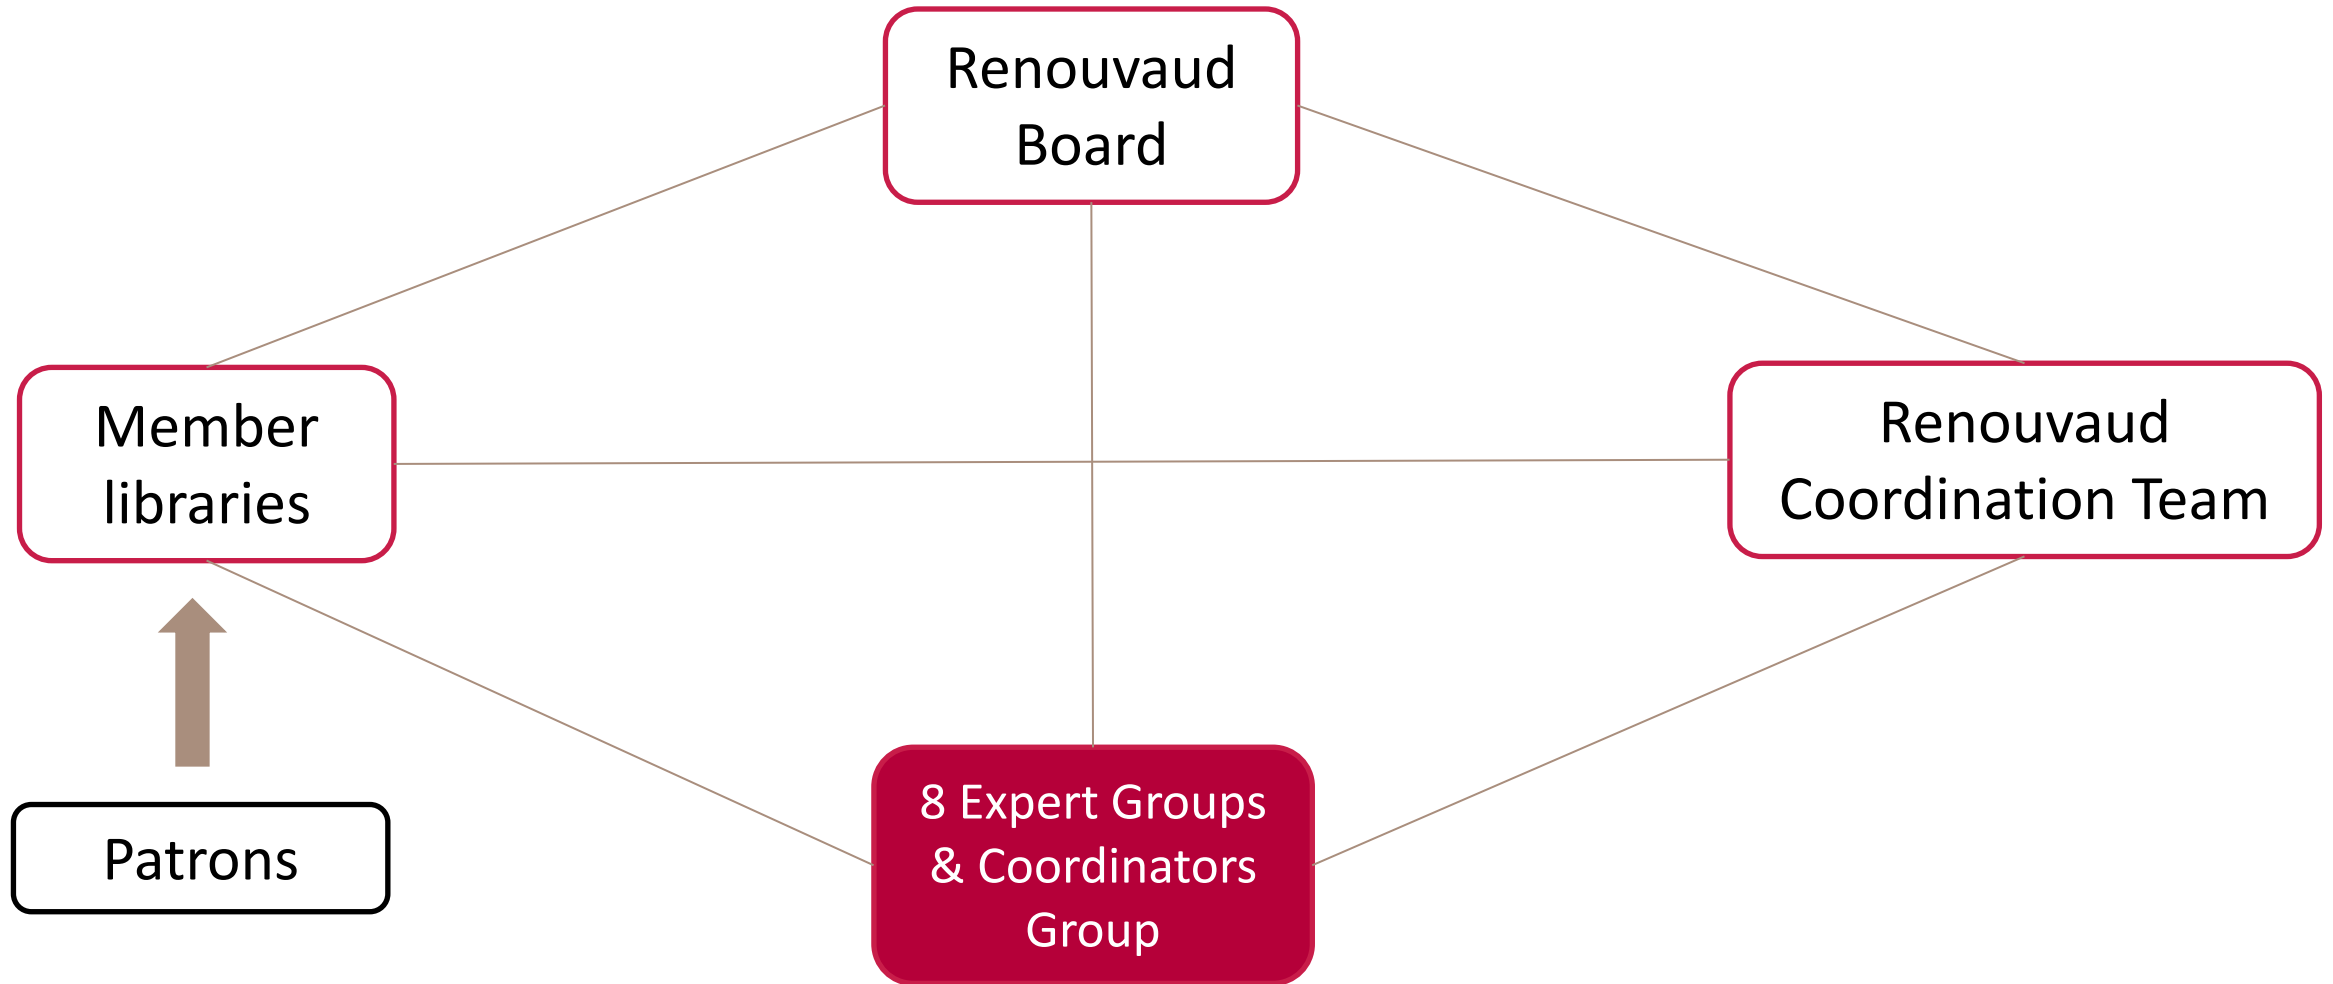

A participatory governance model

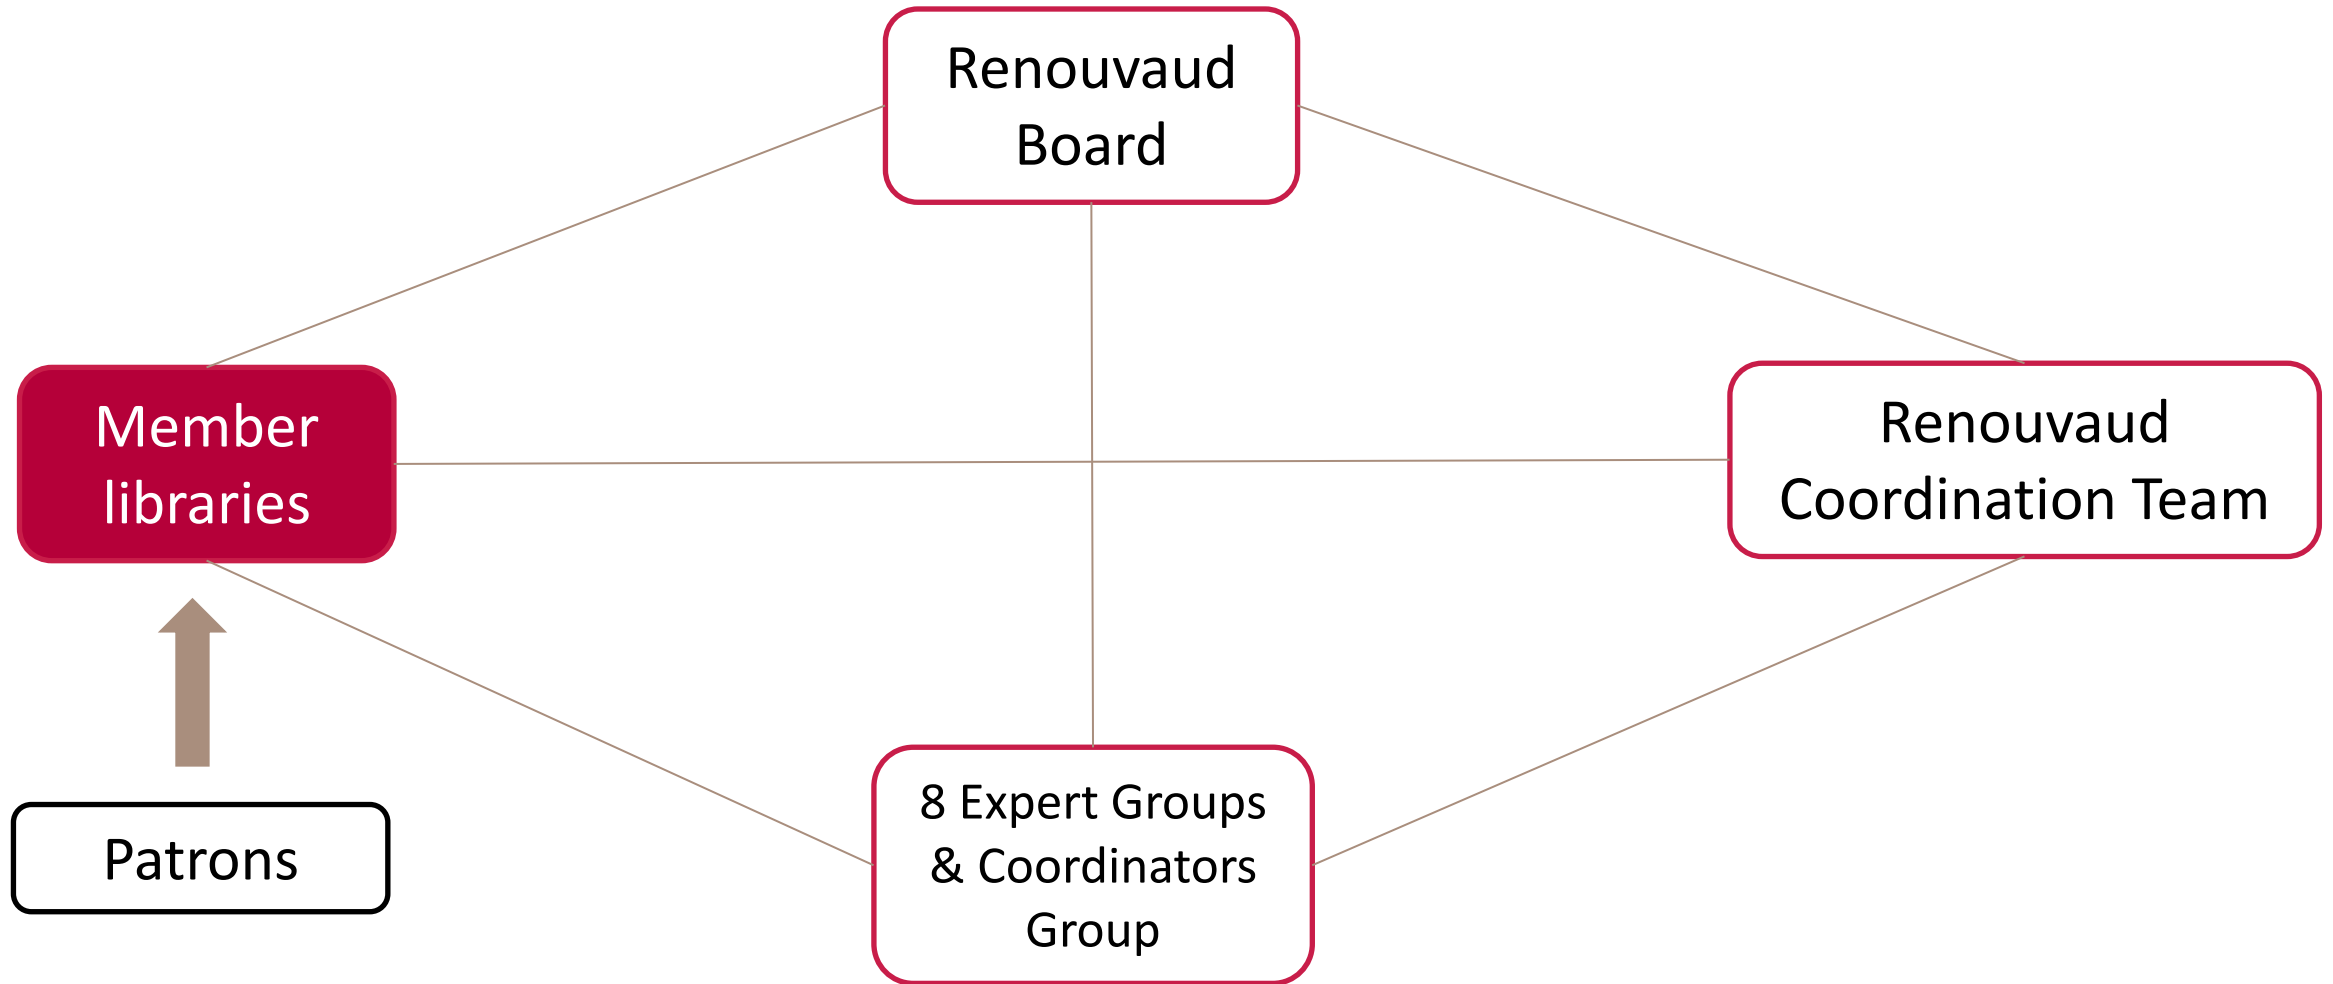

Renouvaud governance model

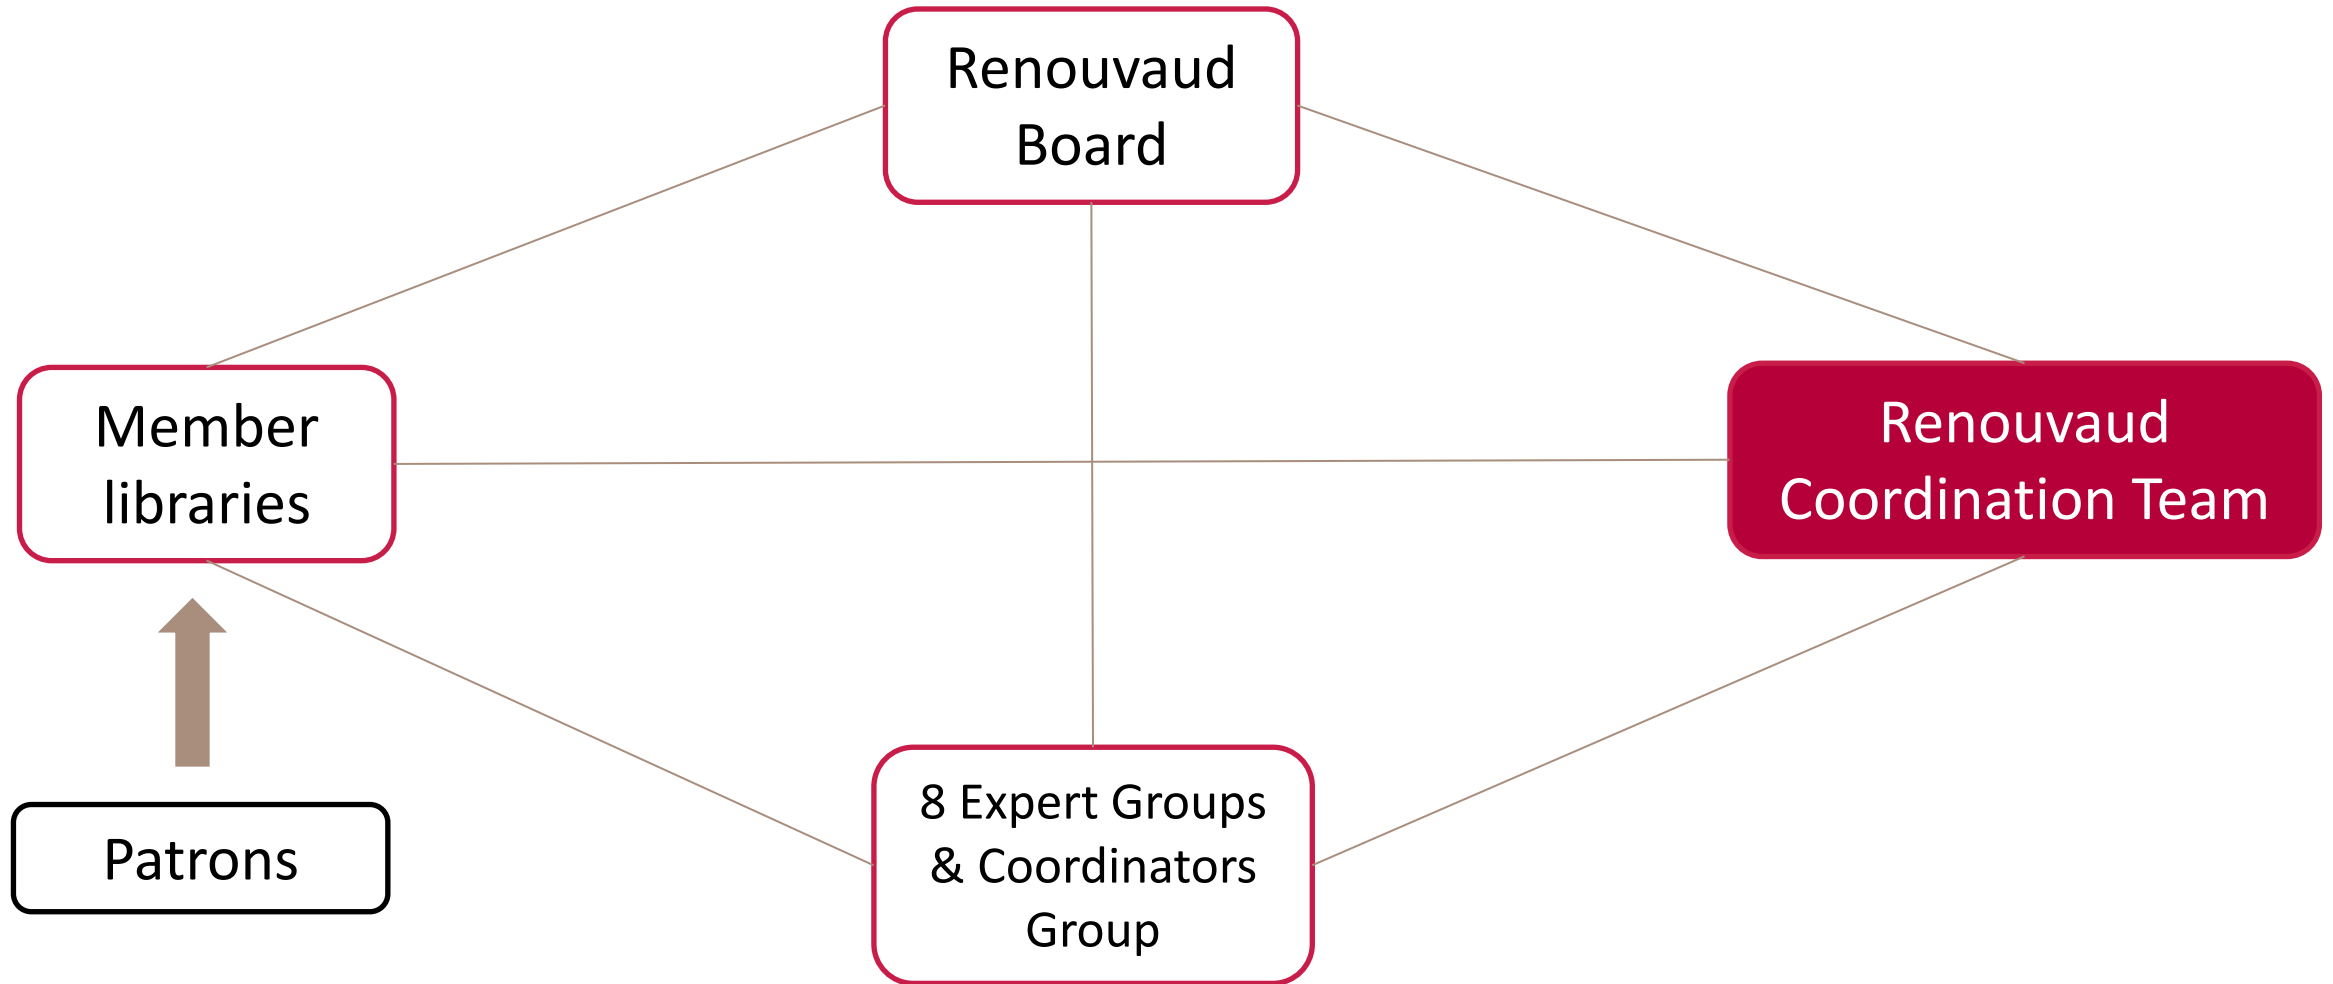

Renouvaud governance model

Renouvaud governance model

Renouvaud governance model

The decision-making process

- Bottom-up approach
- Enable all motivated librarians to participate
... and motivate librarians to get involved
- Improve the knowledge of experts and decision-makers
- Compromise

Yes, we can (at least, we'll try)

Building trust : goodwill and voluntary attitude

- Attention, courtesy, and active listening
- Everyone feels that their idea can be a game-changer
- Technical aspects: dissipating the fog, valuing the day to day work

Encouraging involvement: gathering feedback

- Organising formal events
- Facilitating freedom of expression
- Informal gatherings

Encouraging involvement: surveys

- Stakeholders
- Teamwork and roadmap
- Constructive inputs and congratulations

Innovation and cobuilding

Current awareness, communication and open-minded attitude

- Shared development monitoring
- Experience exchange
- Rapido

Modelling and prototyping together

- Evaluation and further exploring
- Modelling : expert group, working group, task forces
- Navibouq' La Côte

Exchanging and collaborating: Barcode scanner

- Recycled PS code from Developer network
- CS-Scanner : a safer fork
- Python bodged code and Patrinum integration

Sharing tools

Why those tools ?

- Time-saving efficiencies
- Librarian empowerment
- Patron services flexibility improvement

Apps

- Fulfillment unit update
- Loans laddering
- Barcode scanner (Python flavor)

Renouvaud - ScanStorageID

Item barcode

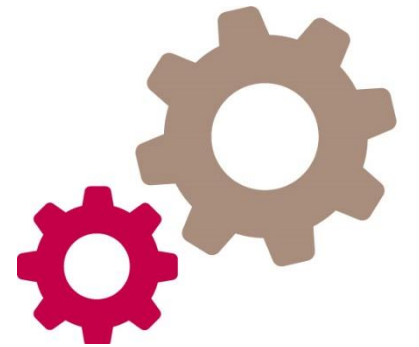

Storage barcode

Update

Item 1093049335 updated. New storage location ID : 1234

Reuse : how-to

- BYI API key
- Any device will do the job
- Free download : developer network blog

Conclusion

Renouvaud key values

- Shared trust and collaborative attitude
- Constantly improving services
- Next challenges:
 - cataloguing and subject indexing automation

Thank you!
