How to configure field display labels for Primo Digital Delivery and Primo Details

Explanation and Live Demonstration

Yoel Kortick
Senior Librarian

Introduction

Our example before we
make a change

How to control the field
display for Primo digital
delivery

How to control the field
display for Primo details

Use Primo Metadata Fields
for Delivery

Hide Repeated Labels

Introduction

Introduction

- It is possible to
 1. Have different settings for the field display labels in “Primo Digital Delivery” and “Primo Details”.

OR

2. Have the system use the definitions from “Primo Details” for “Primo Digital Delivery”.

Introduction

- When we state “Primo Digital Delivery” we mean the fields that display after the end user clicks a link to the digital object display, via the “Digital Version(s) Availability”

Digital Version(s) Availability

Introduction

- “Primo Digital Delivery”:

Prunus dulcis photographed 20200315 / Prunus dulcis (מצוי שקד) photographed 20200315

» Description

Subject:
Flowers--Israel.

Subject:
Almond.

Subject:
Photography, Agricultural.

Subject:
Photography of trees.

Description
The almond is a deciduous tree growing to 4–12.2 metres (13–40 feet) in height,[8] with a trunk of up to 30 centimetres (12 inches) in diameter. The young twigs are green at first, becoming purplish where exposed to sunlight, then gray in their second year. The leaves are 8–13 cm (3–5 in) long,[9] with a serrated margin and a 2.5 cm (1 in) petiole.

Date of Publication:
2020

Alternative Title:
שקד מצוי

Alternative Title:
Prunus amygdalus

Introduction

- When we state “Primo Details” we mean the fields that display after the end user clicks “Details” or scrolls to the “Details” section on the Primo Record view screen:

The screenshot displays a Primo Record view screen. On the left side, there is a vertical navigation menu with the following items: TOP, SEND TO, QUICK ACCESS, VIEW ONLINE, DETAILS (highlighted with a red box), COLLECTION, LINKS, and TAGS. The main content area is titled 'Details' and contains the following fields:

How to control the field display for Primo digital delivery

- But the “Digital Delivery” has changed

The screenshot displays a Primo digital delivery interface. On the left, there is a large photograph of almond blossoms on a branch against a clear blue sky. Above the photo is a navigation bar with icons for search, home, refresh, and zoom. On the right, a sidebar contains metadata under the heading '>> Description'. The sidebar lists several 'Subject' fields: 'Flowers--Israel.', 'Almond.', 'Photography, Agricultural.', and 'Photography of trees.'. Below these is a 'Description' field with a detailed botanical text about the almond tree. At the bottom of the sidebar, there are two 'Varying Form of Title' fields: one with the Hebrew text 'שקד מצאי' and another with the Latin text 'Prunus amygdalus'. The second 'Varying Form of Title' field is highlighted with a red rectangular border.

Use Primo Metadata Fields for Delivery

Use Primo Metadata Fields for Delivery

- Rather than maintaining two sets of field definitions as we have shown:
 1. Primo Details: "Configuration > Discovery > Display Configuration > Labels > Full Display Labels".
 2. Primo Digital Delivery: "Configuration > Fulfillment > Digital Fulfillment > Delivery Profiles Metadata"
- It is possible to define the system to use the same fields as defined for "Primo Details" also for "Primo Digital Delivery"

Use Primo Metadata Fields for Delivery

- This is done by checking “Use Primo Metadata Fields for Delivery” at “Configuration > Fulfillment > Discovery Interface Display Logic > Other Settings”

Discovery Interface Display Logic
Display Logic Rules
Related Records
Direct Linking
General Electronic Services
Viewer Services
Online Services Order
General Electronic Services
Order

Hide Repeated Labels

Hide Repeated Labels

- Here in the Alma Viewer the "Subject" and "Varying Form of Title" appear multiple times

The screenshot displays the Alma Viewer interface. On the left, a large photograph shows almond blossoms on a branch against a clear blue sky. Above the photo is a navigation bar with icons for search, home, refresh, and zoom. On the right, a sidebar titled "Description" contains the following information:

- Subject:** Flowers--Israel.
- Subject:** Almond.
- Subject:** Photography, Agricultural.
- Subject:** Photography of trees.

Description:
The almond is a deciduous tree growing to 4–12.2 metres (13–40 feet) in height,[8] with a trunk of up to 30 centimetres (12 inches) in diameter. The young twigs are green at first, becoming purplish where exposed to sunlight, then gray in their second year. The leaves are 8–13 cm (3–5 in) long,[9] with a serrated margin and a 2.5 cm (1 in) petiole.

Date of Publication:
2020

- Varying Form of Title:** שקד מצוי
- Varying Form of Title:** Prunus amygdalus

Hide Repeated Labels

- For the Alma Viewer, instead of having the label appear multiple times, it can instead occur once.
- When this is the case, each occurrence of the value of the label (the field contents) will appear after the label.
- This can be done by checking the box "Hide Repeated Labels" at "Configuration > Discovery Interface Display Logic > Viewer Services > Alma Viewer"

Viewer Services

[+ Add Service](#)  

	Active	Service Name	Service Code	Service Description	
	<input checked="" type="checkbox"/>	Universal Viewer	UniversalViewer	-	
	<input checked="" type="checkbox"/>	Alma viewer	DigitalViewer	Alma viewer	
	<input checked="" type="checkbox"/>	Internet Archive Book Reader	InternetArchiveBookReader	Internet Archive Book Reader	<input type="button" value="Edit"/>

Hide Repeated Labels

- Now we have checked the box “Hide Repeated Labels”

The screenshot shows the 'Service Details' configuration page for 'Alma viewer'. The page has a header with a back arrow, the title 'Service Details', and 'Cancel' and 'Save' buttons. Below the header is a breadcrumb 'Alma viewer' with a right arrow. There are three tabs: 'Service Details' (selected), 'Service Availability Rules', and 'Customization'. The main content area includes several fields: 'Active' (dropdown menu set to 'Active'), 'Service Code*' (text field with 'DigitalViewer'), 'Service Name*' (text field with 'Alma viewer'), and 'Service Description' (text area with 'Alma viewer'). Below these fields is a list of checkboxes: 'Hide Repeated Labels' (checked and highlighted with a red box), 'Use New Viewer' (checked), 'Hide Fulltext' (unchecked), 'Expand Content Pane' (checked), and 'Expand Description Pane' (checked). At the bottom, there is a 'PDF Default zoom' dropdown menu set to '100%'.
