

# Migrating 110 colleges to Alma & Primo VE

The California Community Colleges  
Statewide Library Services Platform  
Implementation

Glenn S. Tozier, Monterey Peninsula College  
Stephanie M. Roach, San Mateo County Community College District

# Overview

- Background of California's Community Colleges & Libraries
- Purpose and funding
- Migration project
- Library Services Platform Program
- Program Impact

# Background of California's Community Colleges & Libraries

# Background of California Community Colleges

First college founded in 1907

Grew to 21 colleges by 1918

Rapid expansion post-war<sup>1</sup>

Current reach:

- 116 colleges
- 2.1 million students<sup>2</sup>

CCCs serve a diverse group of students from rural to urban communities pursuing a wide range of educational goals<sup>3</sup>

# Purpose and Structure of CCCs

Provide college opportunities to all Californians regardless of geography or income<sup>4</sup>

Locally controlled, statewide legislation drives development and standardization

Funding and resource disparities<sup>5</sup>

# Libraries in California Community Colleges

Diverse in size, funding,  
collections, staffing

Problem: unequal services to  
student population

# Purpose and funding

# Purpose of the Library Services Platform Project:

## Problem Statement

CCC's library technology was unequally distributed, largely obsolete, and too expensive.<sup>6</sup>

Too many students were not being prepared for university level research on transfer.<sup>6</sup>

# Proposal for an LSP

## Objectives:<sup>6</sup>

- Improve student success and equity
- Enhance online education initiatives
- Benefit from collaboration on a modern cloud-based LSP
- Reduce costs

## Other benefits:<sup>6</sup>

- Uniform experience for faculty and students teaching or attending multiple colleges
- Provide discovery platform similar to those at California public universities

## Proposal Accepted:

### Library Services Platform Implementation Project

- Proposal approved for the 2017-18 Fiscal Year<sup>7</sup>
- One-time \$6 million grant<sup>7</sup>
- Funds to be spent within 3 years, before the end of the 2019-20 Fiscal Year<sup>8</sup>
- Ongoing funding secured from the state later \$4 million per year<sup>9</sup>

# Migration project

# Migration project: Key milestones

Existing organizations  
within the state allowed  
us to launch the project  
quickly

The three year grant & contract details set  
the timeline

- Fall 2017: Planning started
- Apr 2018: Vendor selected
- Aug 2018: Contract with Ex Libris
- Sept 2018: “Vanguard” phase begins
- Dec 2018: 110 participating colleges
- Feb 2019: Project kickoff
- May 2019: Production environments
- Oct 2019: Technical Services &  
Configurations Freeze
- December 2019 & January 2020:  
Cutover & Go-Live

Phase	Activity	2017 Q3	2017 Q4	2018 Q1	2018 Q2	2018 Q3	2018 Q4	2019 Q1	2019 Q2	2019 Q3	2019 Q4	2020 Q1	2020 Q2
Planning	Planning; Vendor selection; Contract: August 2, 2018; Institution Participation Agreements	X	X	X	X	X	X						
Vanguard	Vanguard kickoff; forms & integrations; adjust plan					X	X	X					
Migration	General kickoff; forms; data extracts & delivery; Network Zone load; PCI activations; test load; production environment							X	X				
Migration	Data review & integrations; Weekly check-ins / support; Staff training								X	X	X	X	
Migration	Cutover & Go-live preparation; Technical Services freeze; Configurations freeze									X	X		
Launch	Cutover: Deliver, review & accept data; Go-live; Data Cleanup; Post Go-live Functionality Reviews									X	X		
Launch	Moved to Regular Customer Support												X

Key milestones from p 215-217 and table. Table adapted from Roach, et al. "From Zero to One Hundred Ten," (2025): p 237-239. Table B1 and Table B2.<sup>10</sup>

## Migration Timeline 2017 - 2020

# Vanguard Libraries

Vanguard libraries tested migration prior to the main group.

This informed and supported the implementation.

Representative of:<sup>11</sup>

- Previous ILS and link resolver
- Collection size
- College and library staff size
- Geographic location
- Student demographics

# General Migration

All libraries joined this phase of the migration project.

Vanguard libraries joined the general migration to complete their migration.

- February 1, 2019: Kickoff event for project leads<sup>12</sup>
- Libraries were grouped by previous ILS

# Data extracts

- February 15, 2019: First data extracts due
- Delivered via file exchange
- ILS group support was useful: Instructions to extract data varied by ILS vendor
- Bibliographic records
- Holdings records
- Fines and fees
- Items
- Loans
- Patron records

# Migration and field mapping forms

- Due March 8, 2019
- Forms must be validated during the submission process

*Link resolver & electronic resources activations forms were also completed at this time*

Various elements (for example):

- Libraries and campuses
- Shelving locations
- Fines and fees
- Item policy
- Loans
- User groups, statistical categories, blocks, etc.

# Alma configuration forms

- Draft due April 12, 2019
- Final due April 19, 2019
- Requires validation
- System configurations
- Policies, terms of use
- Fulfillment tables, block preferences, user groups
- Circulation desks, printers
- Barcodes, local 9XX, etc.
- Acquisitions relationships, currency, etc.
- Libraries, locations, and more

# Training, support, and other projects

## Training and Support

- Training due dates
- Use of learning management software “Canvas”
- Weekly online meetings
- Ex Libris, state project staff, colleagues for support

## Other projects<sup>13</sup>

- Fine/fee forgiveness; user record purge
- Cleanup projects varied (deselection, location updates, MARC record cleanup, policy updates, etc)
- Promotions & partnerships for campus stakeholders

# Production & testing

May 2019:

Production environments delivered

- Review period
- Testing data and workflows
- Integrations (SIS, authentication, self-check, etc)
- Staff gains familiarity with Alma and Primo VE

Sept - Oct 2019:

Preparation for Go-live

- Staff preparation / certification
- Configurations menu opens
- Final configuration decisions
- Final forms & data loads
- Technical Services Freeze / Alma Configurations Freeze
- Go-live dates assigned

# Cutover and Go-live: Dec 2019 or Jan 2020

## Cutover

- **Fulfillment cutover**
  - Transfer previous ILS circulation data since the technical services freeze
  - Use offline circulation during cutover
- Verify & accept migrated data

## Go-live

- Accept production environment
- Reconcile fulfillment activity
- Functional review begins

# Library Services Platform Program

# LSP Program Governance and Infrastructure

## LSP Program Governance:

- LSP Governance Committee
  - Advise and Guide LSP Program
  - Representative Committee
- Work Groups
  - Provide expertise and recommendations
- LSP Task Force
  - Operations oversight
  - Organize and Support Governance Committee initiatives

# Governance Committee

## Representative membership:

- Small, medium, & large participating colleges
- Work Group leads
- Representatives from statewide CCC organizations

## Charge:

- Develop and approve policies
- Set direction and priorities of LSP Program

# Work Groups

## Membership:

- Volunteers from throughout the LSP Project colleges
- Generally align with member's expertise
- Organized around functional areas of library services

## Charge:

- Identify best practices
- Identify needs or areas for improvement
- Make recommendations to Governance Committee

# Work Groups

## Current Work Groups:

- Analytics
- Cataloging
- Circulation
- Discovery & User Experience (UX)
- Diversity, Equity, Inclusion, Anti-Racism, & Accessibility (DEIAA)
- Electronic Resource Management (ERM)
- Instruction
- Systems

# LSP Taskforce

## Membership:

- Governance Committee co-chairs
- Council of Chief Librarians board
- LSP Project staff

## Charge:

- Provide operations oversight
- Support staff in the management of the program
- Implement Governance Committee recommendations
- Liaise with CCC Chancellor's office

# Staffing and Additional Software

## LSP Project staff:

- LSP Program Manager
- LSP Network Zone Administrator
- Community College League of California Consortium Director

## LSP Program :

- OCLC EZProxy (Hosted)
- OCLC Cataloging & Metadata
- Classification Web
- Third Iron LibKey Services & BrowZine

# Program impact

# Did we meet our objectives?

110 colleges, and their students have access.

More data is needed.

1. Improve student success and equity<sup>13</sup>
2. Enhance online education initiatives<sup>14</sup>
3. Benefit from collaboration on a modern cloud-based LSP<sup>13</sup>
4. Reduce costs<sup>6,9</sup>

# Other impacts

## Students

- Use of the same discovery layer across the CCCs and public state universities
- More equitable access to electronic resources

## Library staff

- Jobs have changed
- Decision making and policies
- Reduced local control
- Some central control

# Thank you!

# Land Acknowledgement

We acknowledge that the California Community Colleges exist on the unceded ancestral territory of over 109 federally recognized tribes and the dozens of tribes throughout the state who are seeking recognition. Our institutions were founded upon exclusions and erasures of Indigenous peoples. We honor and are grateful for the land we occupy and recognize the ongoing damage of settler colonialism. A land acknowledgment is an opportunity to restate our investment to a larger landscape of individual, collective, and institutional commitments. We strive to strengthen our awareness of historical and contemporary issues in California to reckon with our institutional legacy and its impact on the people, lands, and waters.

We personally acknowledge the Ramaytush Ohlone, the original peoples of the San Francisco Peninsula, and the Rumsen Ohlone and Esselen peoples of the Greater Monterey Bay Area.
